

**1936 FARMALL F12 RESTORATION
PROJECT
START TO FINISH IN 3 DAYS**

Wisconsin Chapter 4 of the International Harvester Collectors will be restoring this historic Farmall for the Case IH Corporation. We will start on Thursday with a non-running tractor, disassemble, overhaul the motor, replace brakes and clutch, overhaul magneto and carburetor, clean, assemble, and paint and will have it completed and running Saturday at the close of the event.

**1936 FARMALL F-12
SERIAL # FS66025
RESTORATION BLITZ**

**June 16-18, 2016
Racine Co Fair Grounds
Union Grove, Wisconsin**

There will be a knowledgeable tech representative present each day to help guide spectators through the process and to assure a quality and correct restoration. This should be an informative and educational as well as entertaining experience that you will not often see repeated anywhere.
